ACTIVITY GUIDE

Top 5 Countdown
1 Week Only

YouTube Contest!

A fun way for students to think about what makes a YouTube channel worth watching!

Activity Objective

Create the best YouTube channel in your group.

You'll Need

- YouTube activity sheet (1 per student)
- Markers (1 set per group)
- Pens or pencils (1 per student)

Instructions

Say: Some YouTube channels aren't worth watching. Some are awesome! Right now, you're going to create the perfect YouTube channel. It can be fun, funny, serious, educational, informational, whatever you think is awesome. But—it should be one worth watching. Oh! **And you only get about 5 minutes to come up with the perfect channel, using the sheet I'll give you.**

1. **Give** each student a YouTube activity sheet.
2. Students fill in the sheet as they desire, **for roughly 5 minutes**, using their pen, pencil and/or the markers provided.
3. When time's up, **students share** what they came up with.
4. **Note:** If students don't want to share what they came up with, you can read it for them.
5. Group **votes** for the channel they think is the most awesome.
6. Celebrate your winning YouTube channel creator with wild applause!
7. If time allows, students continue to add to their YouTube channel sheets.
