Commercial Challenge!

A fun way for students to create a commercial worth watching!

Activity Objective

Create the best commercial in your group.

You'll Need

- Commercial Challenge activity sheet (1 per student)
- Markers (1 set per group)
- Pen or pencil (1 per student)

Instructions

Say: Commercials are trying to sell you something. We know that. But—as we saw today—some of them can remind us of some pretty cool and godly lessons. Today, you're going to come up with a commercial to sell something you choose. Oh! **And you only get about 5 minutes to come up with an awesome commercial, using the sheet I'll give you.**

1. **Give** each student a Commercial Challenge activity sheet.
2. Students fill in the sheet as they desire, **for roughly 5 minutes**, using their pen, pencil, and/or the markers provided.
3. When time's up, **students share** what they came up with.
4. **Note:** If students don't want to share what they came up with, you can read it for them.
5. Group **votes** for the commercial they think is the most awesome.
6. Celebrate your winning commercial creator with wild applause!
7. If time allows, students continue to add to their Commercial Challenge sheets.
