

# ELEVATION CHURCH WORSHIP STYLE GUIDE

## QUESTIONS WE WANT TO ASK BEFORE THE WEEKEND:

If we can ask these questions and answer them honestly, we should be able to step into the weekend with confidence & individuality.

### MODESTY QUESTIONS

- How would this outfit look under stage lights?
  - Is there anything that should be hidden that won't be hidden under the lights?
- Is the fit of this distracting in any way / any area?
  - Front and back - be conscious of both
- Are there any rips / distressing above the knee in your pants?
- How's the cut of this shirt?
  - Is it too low, too loose, too thin?
  - Will you see cleavage?
  - When you lift your hands in worship, is there anything that will be revealed?
- Do I really want to show my feet to so many people?
  - Can I move comfortably / freely in these shoes?
  - Is there a chance I'm going to fall in these shoes?
- On the special occasion that you want to wear a dress/skirt: how does the fabric look in stage lights?
  - Can you see through it?
  - Is it calf-length or longer?
  - Can you genuinely move/ worship/jump etc. freely in this?
- With my hat or hairstyle, can people still see my face and expression as I worship?

### OUR HEART / MAIN QUESTIONS

- Am I being the best version of me?
- Am I trying to be someone else?
- Is there anything about the brand, band, or pattern on my outfits that's distracting or promotes something that could be considered inappropriate?
